

Press Release

August 12th, 2008

Hi-Performance Wash Systems (HPWS) recently celebrated 50 years in business. Founded in 1958 by industry pioneer Gene Miller, HPWS has grown tremendously and is now a leading supplier of tunnel, automatic and self service car wash equipment and supplies for Wyoming, Colorado, Northern New Mexico and Western Kansas. To celebrate this milestone, HPWS hosted an open house and training bonanza, with over 120 car wash operators in attendance. Vendors such as CSI Lustra, Digicapture, Ecolab, Choice Manufacturing, Washgear, Diamondshine and Rowe conducted training classes for car wash operators, with each class focused on increasing revenue or decreasing expenses. Cat Pumps and P&S Sales also hosted hands-on workshops. Breakfast and lunch were served throughout the day, allowing car wash owners to network and share ideas.
