Pontiac Grand Am Mirror

The General Motors Pontiac Grand Am dual post side view mirror will be phased out of production at the end of the 2002 model year. Effective with the 2003 model year, Pontiac Grand Am will have a more car wash friendly mirror design which will not be susceptible to damage in a car wash as the current mirror.

The International Carwash Association would like to thank General Motors for redesigning the Pontiac Grand Am side view mirror. The new design should result in a happier Grand Am owner and car wash customer.
